

South Yorkshire Orienteers invite you to a

Night Event (level C) at Greno Wood

On Saturday 3rd November 2012
Part of the YHOA Night League

Location: The event is best approached from the Junction of A 616/A629 North of Sheffield. From the east bound A616 take the slip road to the A629 but immediately turn right, from all other directions approach via the A629. It will be signed off the A629, proceed to the slip road onto the East bound A616 but turn left onto the Woodhead road before it is reached.

You may approach through Grenoside village. The car park is on the West side of the road, please take care once you see the runners crossing signs as the route to start and finish crosses the road at the car park entrance. Parking may be tight so share transport if possible.

Grid ref.: SK325950, lat-long: 53.451211, -1.511333, nearest postcode: S35 8RS (at the southern end of Woodhead Road).

Terrain: Greno woods are owned and managed by Sheffield wildlife Trust. Gently sloping terrain with a variety of vegetation types, challenging at night but with a good track network.

Recent felling work has changed some of the area quite significantly, which combined with the wettest summer on record has resulted in aggressive growth of brambles and bracken in places. Courses have been planned to try and avoid the worst of the undergrowth, however the shortest route between some legs will also be the most painful!

Map: It is mapped at 1:10000 updated for this weekend of events.

For both events, please respect the Out of Bounds areas which are clearly marked on the map. Courses have been planned to try and avoid any cutting of corners, however our future use of the area is dependant on us respecting the owners and tenants privacy.

The special symbol 'O' represents a Charcoal burning site. The special symbol 'X' represents a Bench.
